

I am appauled at Sinclair's decision to have stations air an anti-Kerry documentary days before the election. This unprecedented move would be direct electioneering by a corporate media giant -- and against federal election law.

Sinclair is obligated by law to serve the public interest. When large companies control the airwaves, for clearly their own benefit, democracy suffers. This cannot be allowed in a time of so much corruption and dishonesty. Its simply one more sneaky move.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Please take this into consideration before renewing Sinclair's license. I don't believe they should be able to get away with something that is clearly against the law. Thank you.
